End-to-End Payment Journey: A Seamless and Secure Experience for Your Customers

Welcome to this section dedicated to our e-commerce payment acceptance solution. Designed to simplify and secure your transactions, our platform offers a seamless user experience and easy integration for merchants. Discover the key benefits that make our solution an ideal choice for your online business.

An Optimized User Experience

Our solution offers an intuitive and responsive interface, adapted to all devices. Thanks to advanced features such as automatic card brand detection and card scanning, your customers benefit from a fast and error-free payment process.

Security and Compliance

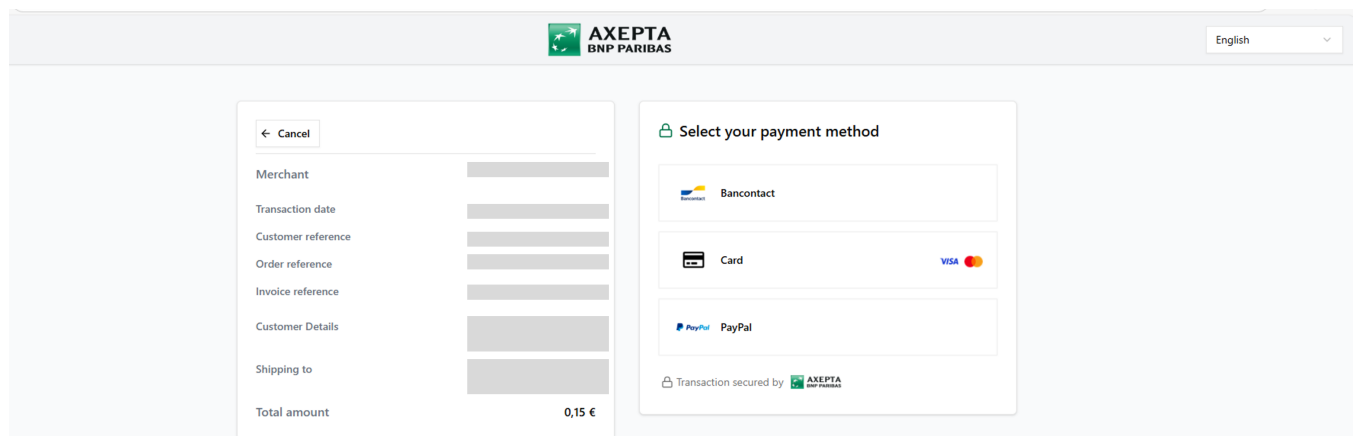

We guarantee the security of all transactions with strict compliance standards. Our confirmation pages and confirmation emails ensure complete traceability, offering transparency and confidence to your customers.

The payment journey is designed to be accessible to everyone, including people with disabilities.

Payment Method Selection Page

Offer your customers an intuitive and personalized payment experience with our payment method selection page. This user-friendly interface allows users to easily select their preferred payment method while ensuring full compliance with current regulations.

- Reassurance elements such as your logo, your Name and the order details are present on the Payment Method Selection page
- Language selector: your customers can select their preferred language (Dutch, French or English) to proceed with the payment. This language will be displayed by default on a second visit.

The screenshot displays the AXEPTA BNP PARIBAS payment interface. At the top, the AXEPTA BNP PARIBAS logo is on the left, and a language selector dropdown set to 'English' is on the right. The main content area is divided into two panels. The left panel, titled '← Cancel' at the top, lists transaction details: Merchant, Transaction date, Customer reference, Order reference, Invoice reference, Customer Details, Shipping to, and Total amount (0,15 €). The right panel, titled 'Select your payment method', offers three options: Bancontact, Card (with Visa and Mastercard logos), and PayPal. At the bottom of the right panel, it states 'Transaction secured by AXEPTA BNP PARIBAS'.

Card Payment Form

Our card payment form is designed to offer an optimal user experience:

- Automatic brand detection: Instantly recognizes the card brand for simplified data entry
- Regulatory compliance: Meets security and brand choice standards
- Responsive Design: Perfectly adapts to all devices, from computers to smartphones
- Error detection: Verifies entered information in real-time, such as the expiration date, to avoid payment rejections
- Card storage: Multiple cards can be saved for future use
- Language change: Allows your customers to select another language
